

LEAP METAL

YOUR ONE STOP HARDWARE & INDUSTRIAL SUPPLIES

About Us

Leap Metal was founded and registered in the year 2022 as a one-stop hardware and industrial supply center with its office and warehouse situated in both Singapore and Malaysia. Steel and ship plates are among the metal products that Leap Metal trades, distributes, and supplies. Our goods include pipes, plates, and every other type of structural steel utilized in the construction, building, marine, offshore and shipbuilding industries. Strong and long-lasting relationships with our customers and business partners are extremely important to our organization. We always make an effort to work with reputable factories and manufacturers who can fulfill our high standards for both quality and price competitiveness.

Mission

Believes in providing a reliable and trustworthy, cost effective and efficient solutions to our valued customers along their purchases. Providing them the best products and services constantly to better serve our clients.

Stockists in Structural Steel for Construction, Building, Marine, Offshore and Ship Building Industries

Deformed Bar

A steel bar or mesh of steel wires used as tension devices in reinforced concrete and reinforced masonry constructions to strengthen and hold the concrete in tension is referred to as deformed bar, also known as rebar (short for reinforcing bar). The surface of deformed bars is frequently textured to provide a stronger bond with the concrete.

Size Range: 9mm to 50mm

Norminal Size mm	Unit Weight kg/m
9	0.5
10	0.617
12	0.888
13	1.042
