

# LEAP METAL

## *YOUR ONE STOP HARDWARE & INDUSTRIAL SUPPLIES*

### **About Us**

Leap Metal was founded and registered in the year 2022 as a one-stop hardware and industrial supply center with its office and warehouse situated in both Singapore and Malaysia. Steel and ship plates are among the metal products that Leap Metal trades, distributes, and supplies. Our goods include pipes, plates, and every other type of structural steel utilized in the construction, building, marine, offshore and shipbuilding industries. Strong and long-lasting relationships with our customers and business partners are extremely important to our organization. We always make an effort to work with reputable factories and manufacturers who can fulfill our high standards for both quality and price competitiveness.

### **Mission**

Believes in providing a reliable and trustworthy, cost effective and efficient solutions to our valued customers along their purchases. Providing them the best products and services constantly to better serve our clients.

*Stockists in Structural Steel for Construction, Building, Marine, Offshore and Ship Building Industries*

# Steel Plates

Steel plate is created by compressing several steel layers into a single form plate of steel. It can be cut and welded to create more complex products and often used to support mass units of weight and strengthen foundations like bridge.

Size Range: 1.2mm to 100mm

Thickness	Unit Weight	Width & Length				
		4' x 8' 1219 x 2438	5' x 10' 1524 x 3048	5' x 20' 1524 x 6096	6' x 20' 1829 x 6096	8' x 20' 2438 x 6096
